

STATEMENT OF PURPOSE

RS23285

This bill repeals two statutes and is related to a group of bills to reclassify low level misdemeanors to infractions to reduce public defense work load and cost. The sections were recommended for repeal by the Criminal Justice Commission and the Public Defense Reform Interim Committee. Section 18-707, Idaho Code currently creates an offense for refusing or neglecting to assist the posse comitatus or county law enforcement in making an arrest. That section has not been used in recent history. Section 49-230 addresses tampering with a vehicle, but is addressed by other laws and has not been used recently. This bill repeals both sections.

FISCAL NOTE

No impact to the general fund.
